Thank you for your letter dated November 12, 2014 regarding \$15,000 not being included on the original Pre-Primary report. This was due to a bookkeeping error where incorrect and earlier dates were entered into the campaign database from a deposit made on July 18th, 2014. We realized the error after the report was filed and have put in place internal procedures to ensure that this type of error does not happen again.
